

The Nickajack Elementary Foundation's (NEF) mission is to fund elements of education such as technology enhancement, supplemental and/or enriched curriculum, and student services for the students of Nickajack Elementary School (NES) in Smyrna, Georgia. Our focus is to enhance the education of every student through STEAM (*Science-Technology-Engineering-Arts-Math*) initiatives including hands-on learning, iPads, classroom tools, student enrichment and instructional programs via online learning software, and professional development for teachers. Our goal is to spark inspiration through STEAM learning and technology to cultivate potential STEAM-related future leaders. We achieve these programs and goals through the generous support of our community and corporate sponsors. By becoming a 'Friend of the Foundation', your tax-exempt investment makes a direct impact on the education of children in your community while promoting your business to the over 850 families and staff for our 1,200+ students.

## 2021-2022 Successes

We continue to raise the bar with a goal of \$120,000 last year and exceeding it by \$11,893! For a Total of **\$130.965.97**. As a result, we were able to use the monies for:

- \$26,000 went to a record 22 teacher grants. These included books, technology, teacher conferences and classroom manipulatives.
- \$18,000 for Kindergarten literacy kits for all Kindergarten classrooms – to help build the strong foundation of reading
- \$64,000 on iPads and Laptops for classroom use. This ensures every student has access to current technology and assists during testing. As all of the standardized test are taken via computer.
- \$15,000 – to specials – art, science lab and music.
- \$10,000 – to replace sound system in the cafeteria to enhance our chorus and assembly experiences.
- We also hosted an amazing school wide STEAM Night event where over 700 were in attendance. Our students LOVED it!

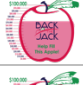

## 2022-2023 Goals

\$150,000 \*\*\*\*in donations, to be used for:

\$40,000	Teacher Grants
\$40,000	Literacy Kits for two grade levels
\$20,000	STEAM Days (4 interactive - school wide)
\$15,000	Technology in Gym (projector and screen)
\$35,000	Playground Initiative

\*\*\*\* All the idea above are currently being discussed. These are not the final goals, but they are all on the table for discussion.
